Type : Molding

Style : Plain

Color : White Primer

Material : Polyurethane

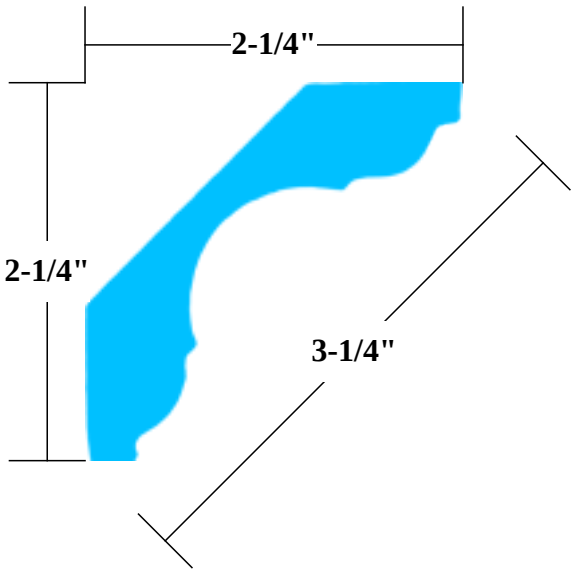

Ceiling Height : 8'

Length : 94-1/2"

Delivery Time : 1-5 Days

Price: $14.50*

Material

uDecor crown molding is manufactured with a dense architectural polyurethane compound (not Styrofoam) that allows it to be semi-flexible and 100% waterproof. This molding is delivered pre-primed for paint. It is installed with architectural adhesive and finish nails. It can also be finished with caulk, spackle and your choice of paint, just like wood or MDF. A major advantage of polyurethane is that it will not warp over time with changes in humidity. It's safe to install in rooms with the presence of moisture like bathrooms and kitchens. This product will not mold, mildew, or rot.
